It's Magic – Recycle old Christmas Cards into Trees

For every 1,000 cards dropped into Marks and Spencer stores for recycling throughout January, a new tree will be planted in the UK.

As the nearest M&S store is over 10 miles away from March, CUB (UK) Ltd will have a collection point in the foyer of their offices, which will be open from 5th - 31st January – Weekdays 9am to 5pm.

Dartford Road
March
PE15 8AN

The UK is 34,000 trees richer thanks to the public's efforts over the past five years that this scheme has been running. Let's see how many trees we can plant!
